

TRUCKING MGMT. CONFERENCE | April 20-22

MTA's Virtual Trucking Management Conference is designed to be a "one-stop-shop" where the major management disciplines are covered in one day. Top-level managers attend with the knowledge that they will get cutting-edge strategies, resources and inspiration to enhance the hands-on operational and management skills of trucking professionals who must wear multiple hats in running their company or a division of the company. Sponsors have the opportunity to promote their company and build relationships with leaders in Minnesota's trucking industry.
